

SUFFRAGE WINS IN THE STATE BY 40,000; CLEAN SWEEP BY TAMMANY IN GOTHAM

Returns From 2,427 Districts Out of 3,704 Give Women Vote of 274,911 For, 220,743 Against—Women Wildly Enthusiastic Over Result—Merton E. Lewis Wins Over Hodson For Attorney-General—22 Republican Mayors Elected, and 12 Democrats.

LEGISLATURE REMAINS REPUBLICAN

New York, Nov. 6. — John F. Hylan, a county judge of Kings county, was elected mayor of New York today by a plurality of more than 100,000. He carried with him the entire Democratic city ticket, including Charles L. Craig, for controller; Alfred E. Smith, now sheriff of New York county, for president of the board of aldermen, and Edward Swann for district attorney. The indications are that the Democrats will have a majority in the board of estimate, which controls the expenditure of the city's funds.

Mayor John P. Mitchel, who sought re-election as a fusion candidate, although not formally nominated by any party, was a poor second in the race. His vote in 1,996 districts out of 2,068 in the city was 134,890 compared with 288,435 for Hylan.

Women Wild with Enthusiasm.
Women of this city, rich and poor, who have stood together in the fight for suffrage, tonight shared each other's unbounded jubilation at the headquarters of both the state and city women suffrage headquarters, where returns were read with enthusiasm, at times reaching hysteria.

State headquarters was packed with richly gowned women who feasted on the returns posted on a bulletin board showing how the various counties had voted this year, compared with a few years ago. Each bulletin announced was the occasion of indiscriminate handshaking, kissing, embracing and congratulations of the most voluminous kind.

"Over Top at Last."
"Over the top at last" was the greeting of Mrs. Carrie Chapman Catt. Now all we have got to do is to roll down the other side to complete the victory for the women of the United States," she added. "Organization and intensive work were responsible for the victory," Mrs. Catt declared.

"We realized in our 1915 campaign," Mrs. Catt said, "that the education of the people of New York state was not complete. The people had got their arguments but they needed two years of reflection for the arguments to sink in. They have not been allowed to forget. Under Mrs. Norman de R. Whitehouse of the state party and Miss Mary Garrett Hay, of the city party, a splendid intensive campaign has been carried on. There has been no retreat, not for one day."

Lewis Elected Attorney General.
The election of Merton E. Lewis, Republican candidate for attorney general, seemed assured on the basis of the returns from 4,613 election dis-

U. S. PATROL SUNK BY U-BOAT

Converted Yacht, Alcedo, Torpedoed by German Submarine in War Zone

21 MEN ARE MISSING

Ship Sank in Four Minutes—Navy Department Names the Missing Sailors

Washington, D. C., Nov. 6.—The American patrol boat Alcedo was torpedoed and sunk by a German submarine in the war zone early Monday morning and one officer and 20 enlisted men are missing. The Alcedo was a converted yacht and carried a crew of seven officers and 85 men.

The navy department announced the disaster in the following statement tonight:

"The navy department has been advised by Vice Admiral Sims that at 1:30 a. m., November 5, the American patrol boat Alcedo, a converted yacht, was torpedoed and sunk by a German submarine in the war zone. One officer and 20 men are missing. The ship sank in four minutes after being struck. Several vessels were searching for possible survivors at the time the report was made. The Alcedo carried a crew of seven officers and 85 men."

The navy department announced that the following members of the Alcedo's crew were still unaccounted for: Lieut. Junior Grade, John T. Melvin; father, Bishop Stewart Melvin of Selma, Ala.

E. R. Gossett, seaman, mother, Mrs. A. G. Gossett, Astoria, L. I.

James J. Cleary, seaman, mother, Mrs. Albert Cleary, White Plains, N. Y.

R. Wesche, seaman, mother, Mrs. E. Wesche, Brooklyn, N. Y.

R. W. Wyker, seaman, mother, Mrs. Harry E. Wyker, Brooklyn, N. Y.

W. R. Hyler, seaman, mother, Mrs. K. Huyler, Richmond Hill, L. I.

J. W. Bruskhardt, seaman, mother, Mrs. E. Bruskhardt, Brooklyn, N. Y.

Luther O. Weaver, seaman, father, E. W. Weaver, Brooklyn, N. Y.

John Wynne Jr., seaman, wife, Mrs. John Wynne Jr., New York city.

E. Harrison, mess attendant, father, Henry Pool Tyler, Alabama.

S. W. Singler, fireman, mother, Mrs. C. Temburin, Jersey City, N. J.

Allen T. Edwards, seaman, mother, Mrs. Lydia M. Edwards, Jackson, N. C.

G. S. Gaus, seaman, mother, Mrs. Mary Gaus, Jamaica, L. I.

C. E. Harrington, seaman, mother, Mrs. Maude Harrington, Ashland, Oklahoma.

W. U. Surratt, seaman, mother, Mrs. W. D. Witt, Norfolk, Va.

W. W. Smock, seaman; father, G. R. Smock, Des Moines, Iowa.

S. J. Towele, seaman; mother, Mrs. Mary Vanderwall, Jamaica, L. I.

J. R. Daniels, seaman; father, J. A. Daniels, Darlington, S. C.

H. A. Pacchino, boilermaker; mother, Mrs. Teresa Pacchino, Endicott, N. Y.

Frank W. Higgins, yeoman, naval reserve; mother, Mrs. Bertha E. Higgins, S. I., N. Y.

Robert McCray, colored, seaman; father, Capus McCray, Charleston, S. C.

The Alcedo is the first American war vessel to go down in the war. The destroyer Cassin on patrol duty was torpedoed recently, but she made port safely with the loss of only one man. No details of the engagement were given in the brief dispatch announcing the loss of the yacht.

SUFFRAGE HUNGER STRIKER

Washington, D. C., Nov. 6.—The first hunger strike in the American agitation for votes for women is under way. Alice Paul, national chairman of the Woman's party, now doing a seven months' sentence in jail here for picketing, is the striker and tonight she is in a hospital not having eaten anything for 24 hours.

HOLD ARRIVING GERMAN CONSUL

Taken in Charge With Family by Department of Justice Officials.

An Atlantic Port, Nov. 6.—Wilhelm Erythrotel, late consul general of Germany at San Jose, Costa Rica, who arrived here tonight on an American steamship with his wife and two children was taken in charge by officials of the department of justice. It is understood that he will leave the country with a party of German diplomats and consular agents from other countries which have severed relations with Germany and are being concentrated in the United States preparatory to sailing for home.

Immediately on his arrival Erythrotel was taken in charge by an agent of the department of justice. No one was allowed to communicate with him and his baggage was subjected to a rigid examination.

DUTCH SHIP RELEASED BY WAR TRADES BOARD

PRESAGES EARLY AGREEMENT ON DISPOSAL OF TONNAGE

Washington, D. C., Nov. 6.—An early agreement between the United States and Holland on the disposal of Dutch tonnage in American ports was seen here today in the release by the war trade board of the Dutch steamer Nieuw Amsterdam for a return trip across the Atlantic. The vessel will leave an American port shortly carrying a cargo of package freight for Holland, 10,000 tons of corn for Belgium relief and several hundred Dutch refugees as passengers. Wire cable, badly needed for the operation of Dutch coal mines, will make up a part of her cargo.

Licenses for the Nieuw Amsterdam's cargo were held up by the American authorities when the Dutch government refused to give assurances that she would not be interned for safety as soon as she reached the other side. In the negotiations that followed the American government refused to recede from its position and finally the Dutch yielded.

A final agreement as to the operation of the other Dutch vessels held in American ports was believed tonight to be in sight. The principal clauses of this agreement, it is reported, will provide that a large number of Dutch ships enter the American coastwise trade to release American vessels for overseas service; that part of the tonnage be placed in trade to the Dutch East Indies for the benefit of Holland and that a limited number of ships be permitted to ply between America and Holland carrying cargoes to be approved by the war trade board.

Refugees who will sail on the Nieuw Amsterdam have gathered in the United States from many ends of the earth. Some came from the Dutch East Indies and many from the Orient.

All have been waiting an opportunity to reach Holland safely.

BRITISH AIM TO FREE EUROPE SAYS BALFOUR

MAKES ANSWER TO PACIFIST MOVE IN COMMONS

London, England, Nov. 6.—A. J. Balfour, secretary for foreign affairs, replying in the house of commons today to a peace motion proposed by H. B. Lees-Smith, liberal member for North Hampton, declared:

"The aims for which Great Britain entered the war were not and are not either imperialistic or vindictive, but one and all are needed for the double purpose of the emancipation and security of Europe."

Mr. Balfour asked the house to show by an overwhelming majority that "we believe in the cause in which we are struggling and which we know we can bring to a successful termination. Great as are the sacrifices already made, we are ready to continue them and continue them indefinitely, until the great, righteous and unselfish objects we have in view are finally secured."

Andrew Bonar Law, chancellor of the exchequer, amid loud cheers, moved closure, which was carried 282 to 33.

Mr. Lees-Smith's motion was negatived without division.

ONE IN THREE SIGN FOOD CARDS

Washington, D. C., Nov. 6.—One family out of every three in the United States has pledged support to the food administration's plan for voluntary food conservation. Reports tonight at headquarters here show that the total enrollment for the country is 7,406,541 but returns still are coming in and officials expect the 10,000,000 mark to be reached.

ITALIANS AGAIN ARE RETREATING

Cadorna's Armies Fall Back From Sellar Valley to Sea to Shorten Line

NEW BRITISH VICTORY

Allies Capture Belgian Town of Passchendaele and Get Closer to Roulers

In a great arc more than 160 miles in length the Italian armies are falling back through the plains of Venetia to a new and shorter line of defense. From the Sellar valley to the head of the Adriatic sea the entire line of the Tagliamento river has been given up by General Cadorna while from virtually the border of Trentino north-eastward and eastward through the Dolomite and the Carnia Alps to the Sellar, the northern army is carrying out a retrograde movement southward through the mountainous country toward the plains. The Germans and Austro-Hungarians everywhere are following up the Italians in their retreat but with the Italians offering resistance in rear guard actions along the entire front.

Important British Victory.
Meanwhile the British forces in Belgium have won another notable victory over the Germans in the region of Ypres, having captured in one of their intrepid dashes following a rain of shells of all calibres the town of Passchendaele about six miles west of Roulers, for which much bitter fighting has taken place recently. The new advance of the British throws the apex of their salient in dangerous proximity to Roulers, the fall of which would cut off Germany's communications from her submarine bases at Ostend and Zeebrugge with the south. The indications from the meagre advances thus far to hand are that the Canadians who bore the brunt of the operation extended their line 800 yards beyond Passchendaele. Numerous German prisoners were taken.

Teutons Not Close to Italians.

The decision of the Italians to evacuate the Tagliamento line was taken after the enemy had intensified his pressure along the upper reaches of the river in the highlands and pushed forces across the stream in the center and to the south. This movement compelled a simultaneous withdrawal along the northern front along the Sellar valley to Colbydon.

Apparently the main Austro-German forces are not in close contact with the retreating Tagliamento army, for the German official statement says the retreat is indicated by condensations over the route of retirement. No claim is made by the Germans of Italians having been made prisoner.

Cavalry Covering Retreat.

On the plains the Italian cavalry is doing the same effective work it did in retarding the enemy during the first eight days of the retreat from the Isonzo, when it held Teutonic guards and permitted General Cadorna to bring his forces to the west bank of the stream virtually intact except for his losses in men and guns during the first mad rush. The morale of the Italians at present is declared to be splendid. The probability now seems to be that General Cadorna in falling back has the double purpose of shortening his battle front approximately slightly more than six miles along the Piave river and east of Venice and northwesterly to the Trentino boundary, and giving British and French re-enforcements the opportunity to arrive in sufficient numbers to check the invaders.

On the other battle fronts the operations have been of a minor character with artillery duels predominating.

British front in Belgium, Nov. 6.—The Canadians in today's drive against the German line have advanced about 800 yards beyond the center of Passchendaele, having battled their way to their final mark. A considerable number of prisoners have already reached the cages.

Berlin, Germany, via London, England, Nov. 6.—The supplementary statement issued from general headquarters this evening says that the Teutonic forces have crossed the Tagliamento river along the whole front. It adds that pursuit of the retreating Italians is progressing.

WILSON VOTES IN PRINCETON.

Washington, D. C., Nov. 6.—President Wilson travelled to Princeton, N. J., and cast his ballot in the state legislative election returning to Washington this evening after an uneventful trip. A secret schedule of his special train prevented any demonstrations enroute but the president was given a noisy welcome at Princeton by University students.

CAMPAIGN TO SELL INSURANCE

To Induce Every Soldier and Sailor to Take Out Policy.

Washington, D. C., Nov. 6.—The greatest insurance selling campaign in history will be undertaken soon by the government to induce every soldier and sailor to buy the insurance policies provided at low rates under the recent act of congress. Thousands of insurance agents and other public spirited citizens will be enlisted in the movement to preach the gospel of government life insurance among civilian populations on the theory that pressure from home will be necessary to urge soldiers to subscribe and that most of America's future soldiers still are civilians.

Secretary McAdoo, on his return to Washington tomorrow from a vacation will decide whether the nation's campaign can be directed legally by the treasury war risk insurance bureau, which has charge of administration of the insurance.

CANADA TO LAUNCH ITS FOURTH LOAN MONDAY

BONDS AS LOW AS \$50 AND PAY INTEREST OF 5½%

Toronto, Canada, Nov. 6.—Sir Thomas White, minister of finance, today announces that Canada's victory loan would be floated under the following terms:

"Subscription books will open Monday, November 12, for five, ten and twenty year bonds, dated December 1, 1917, with interest payable half yearly, on June 1, and December 1. Bonds will be in denominations as low as \$50. The price of the new loan is to be par 100 cents on the dollar— for 5½ per cent bonds with the privilege of spreading the payment over a period of five months in monthly instalments.

"In view of this privilege of spreading the payments and as a full six months' interest will be paid the purchasers on June 1, 1918, the bonus of interest thus allowed will reduce the price, so that the bonds yield the investor 6.61 per cent on the 20 year bonds, 5.63 per cent on the ten year bonds, and 5.81 per cent on the five year bonds. This loan will carry conversion privileges into future issues and will be free of any present or future dominion taxes, including income tax.

"Holders of Dominion of Canada debenture stock, due October 1, 1919, and of bonds of the three preceding Dominion of Canada war loan issues have the privilege of surrendering their bonds in part payment for subscriptions to bonds of this issue."

EASTERN RAILROADS GIVEN RATE HEARING

INCREASES NEEDED TO PROVIDE FAIR RETURN ON CAPITAL

Washington, D. C., Nov. 6.—Counsel for the eastern railroads were given a hearing today before Examiner Disque on the anthracite phase of the reopened 15 per cent advance rate case. Tomorrow there will be a hearing on commodities generally.

H. A. Taylor, general counsel for the Erie, representing a railway committee on anthracite rates, presented the case for the proposed increases which he said were necessary to enable the roads to give adequate service and earn a fair return on invested capital. Supplementary statements were made by L. H. Kentfield of the New Haven, and George H. Eaton of the Boston and Maine.

The railroads seek an increase of 15 cents a ton from the anthracite mines in Pennsylvania to points within the trunk line territory, except five cents a ton on small sizes shipped to New York city water, and 25 cents a ton on prepared sizes and 20 cents on small sizes to New England.

Twenty-five cents a ton additional increase is asked for all shipments into cities and towns in the so called Central Freight association territory from Buffalo to Chicago.

HALT SHIP BUILDERS' STRIKE.

Newark, N. J., Nov. 6.—An impending strike of 12,000 workmen engaged in the construction of ships for the government at the Port Newark Terminal and in Newark Bay was called off temporarily today by the business agents of building trades unions. Action was postponed until after the meeting in Buffalo tomorrow of the presidents of the international building unions, called to find a solution of the differences between the union men and the contractors.

The proposed strike is an attempt to compel the Lackawanna Bridge company which has the contract for the construction work of the submarine boat corporation to recognize the unions and to pay union wages.

John F. Hylan, County Judge of Brooklyn, Swamps Mitchel and Carries Whole Democratic City Ticket—Mitchel Poor Second With Hillquitt Close Third—Hylan Says Result Repudiates Mayor's Administration and War Was Not Involved in Contest—Murphy Declares Victory Over Fraud.

HYLAN'S MAJORITY OVER 100,000

New York, Nov. 6.—The possibility that "votes for women" had become a reality in the empire state was the outstanding feature of today's election on the basis of late returns, 3,622 election districts out of 5,772 in the state showing the following result:

For suffrage 409,182; against, 357,040.

These returns showed an average plurality of eight votes for suffrage in each of the districts reporting. If this proportion should be maintained by the districts not reporting woman suffrage would be carried by a plurality of over 40,000. Returns in hand from 2,427 districts out of 3,704 in New York city gave 224,911 for suffrage and 220,743 opposed.

Hillquitt, Socialist, Runs Third.

Morris Hillquitt, the Socialist candidate about whom rallied most of the radical elements in the city and all those who favor an immediate negotiated peace stood third with 134,890, while William M. Bennett, who unexpectedly won the Republican primary nomination from Mitchel—received 51,956 votes.

From the time the returns were received from the first 100 districts the result never was in doubt. It was evident Hylan had scored an overwhelming victory and again brought control of the city administration into the hands of Tammany hall.

Most of the newspapers which had supported Mitchel and that included all in the city except those owned by William R. Hearst conceded Hylan's election before 7 o'clock. Hillquitt was the first of the unsuccessful candidates to admit his defeat. The Republican county committee announced at 7:30 that Hylan undoubtedly had been elected.

Judge Hylan's first act after being assured of his election was to make this statement:

Speaks For Itself Says Hylan.
"The result speaks for itself. The people have spoken and in no uncertain manner. Democracy has once more been restored to power.

"The people and not the corporate interests will rule for the next four years. I am grateful indeed for the confidence thus imposed in me by the citizens of the city of New York.

"The result is a complete justification of the fight we have made for honest efficiency in economy in the public service. That was the sole issue upon which the election was decided.

"I want to make it plain to the world that there was no issue of Americanism or loyalty involved so far as I am concerned. There could be none for I am as good an American as any man, as loyal to my flag, as loyal to my country and as firm and determined in support of every act of the government in this war as any man.

War Not Involved in Contest.
"I ask the editors of the newspapers in this city and in other cities to give prominence to this declaration so that there may not go abroad to the people of this country who have no appreciation of our local situation, the slightest intimation that the question of the war or the war policy of President Wilson and the United States government are in the slightest way involved.

"My first utterance in this campaign in response to a question put by a reporter was that I stood uncompromisingly behind the President in support of the acts and policies of my country and that the war must be fought to a conclusion which would bring an honorable peace to America."

Charles F. Murphy, leader of Tammany hall, gave out the following statement:

Victory Over Fraud Says Murphy.
"The result of the election is a gratifying victory over deception and fraud. It demonstrates that the people are quick to detect the difference between the true and sham.

"The returns evidence the facts, the unscrupulous newspapers no longer represent the opinion or sentiment of the people. That the latter do their own thinking and refuse to be misled by misrepresentation or suppression of the real issue.

"The victory also shows that infection of false issues failed in its design to hide the scandal of the Mitchel administration; that the voters understood the situation and that they recognized the ability of the democratic party to reform present abuses and to give the city an honest, economical and efficient administration. The Mitchel management of the city's affairs has been repudiated also by the people because of its reactionary record. The Democratic ticket in my judgment has been accepted because the Democratic candidate and platform are progressive and in accordance with world progressive tendencies of the day.

"A lamentable feature of the campaign was the infection of a serious issue by defaming some of our most loyal citizens in a hysterical attempt to abuse their patriotism.

Regrets Presence of Prominent Men.
"It is regrettable that prominent citizens like Mr. Roosevelt, Mr. Hughes and Mr. Root should have lent their names to such a contemptible campaign conspiracy.

"It must gladden the American heart that the great, loyal American citizenship of New York city, the first city in the land, believed as due all fair minded men that Mr. Mitchel's assumption of a monopoly of patriotism of the false issue was designed to distract attention from the shortcomings of the present administration.

"After all is said and done it is refreshing to all of us to know that in the candidacy of Mr. Mitchel, Mr. Hylan and Mr. Bennett every voter had the pleasant opportunity of voting for a loyal American citizen."

The tremendous Socialist vote was the feature of the election. The total polled by that party in the last mayoral election was only 32,133. This year Hillquitt ran a close third to Mayor Mitchel and in many election districts on the East Side in parts of Harlem and the Bronx, he polled more votes than Mitchel. Hillquitt ran on a straight cut peace platform. He declared a victory for him would be a mandate to the government to negotiate an immediate peace.

Hylan Carried Five Boroughs.

Hylan carried all five boroughs of Greater New York. His best showing was in Brooklyn, where Bennett polled a large part of the primary vote which won him the Republican nomination after a recount. It was conceded by the managers of all parties that many of the votes cast for Bennett would have gone to Mitchel if he had been the Republican nominee, but Bennett's total added to Mitchel's would not have been enough to defeat Hylan.

Had the election been close the result might have hinged on the votes of the 65,000 soldiers of the city who are now in the training camps. But if all of them voted for Mitchel it would not have changed the result. The ballots of the men in France in camps and on board ships will all be counted at the same time at Albany seven weeks hence. The New York city drafted men at Camp Upton, the contingent to which New York's contingent in the National army had been sent, voted today.

HEALTH IN CAMPS IS GOOD

Percentage of Sick in Nine Visited by Army Officer under Two Per Cent.

Washington, D. C., Nov. 6.—Col. Weston T. Chamberlain of the surgeon general's office, announced today that there is "extremely little serious illness" at any of the five National Army and four aviation camps in the middle west, which he has recently inspected. The percentage of sick ranges from below 1 per cent to slightly below 2 per cent, except at Camp Pike, Little Rock, Ark., where it is considerably higher as the result of measles among the men.

Col. Chamberlain points out that in the army a man is classed as "sick" if he is excused from duty for even the slightest indisposition, and that soldiers are placed in hospitals for trivial illness for which, in civil life, they would not think of going to a hospital.

This is done because there is no means of giving a man attention in his tent or quarters such as he would receive if at home.

The only serious disease reported at any of the camps, the Colonel said, was pneumonia, and good results have been obtained in handling that. The mortality rate in the camp with the greatest number of pneumonia patients is seven per cent, as against from 15 to 20 per cent in civil life.

English School Children to Seek Cover in Air Raids

AIR RAID IN LONDON.

What to do when the Gothas come: Children of the public schools of London's East End have been taught just what to do when the approach of enemy raiders is signalled. By means of a system of whistles the children know just what to do and there is no confusion. They are taught to lie down flat on the floor with intervals of space between them. It has been found that this method has prevented serious loss of life among the little ones in the school buildings.

OHIO WITHHOLDS WOMAN SUFFRAGE

Entire McCall Ticket Carries Bay State; Davis Wins in Virginia

TWO DRY VICTORIES

Socialists Defeated in Chicago—Republicans Carry Schenectady

New York, Nov. 6.—The outstanding feature of the elections in the United States yesterday was the apparently assured victory for woman suffrage in New York state by a majority of approximately 40,000. While the suffragists were winning in the east, early returns from Ohio indicated defeat for them in that state.

Two states, Ohio and New Mexico, voted on prohibition. Incomplete returns from Ohio showed that the contest in that state was very close, with the drys leading by a small margin. The prohibitionists evidently had carried New Mexico.

The entire Republican state ticket headed by Governor Samuel W. McCall, won an overwhelming victory in Massachusetts, while the Democratic state ticket headed by Westmoreland Davis for governor, was successful in Virginia.

Interest in the municipal elections centered on New York, where John F. Ryan, Democrat, defeated Mayor J. P. Mitchell, candidate for re-election, by a plurality of more than 140,000. The entire Tammany city ticket also was elected. The Socialist vote showed a gain of more than 400 percent over that cast in the municipal campaign four years ago.

Defeat Socialists in Chicago. The bi-partisan judicial ticket in Chicago defeated by a plurality estimated at 80,000 Socialist candidates standing on an anti-war platform.

The attempt of Senator Penrose, backing the so-called town meeting candidate to oust the Baer brothers from control in Philadelphia, on the face of the returns up to midnight appeared to be unsuccessful, but at that hour both sides were claiming victory.

William A. McGee, former mayor of Pittsburgh, seemingly was defeated by E. V. Babcock.

Charles W. Jewett, Republican, was chosen mayor of Indianapolis. By electing George W. Smith mayor of Louisville the Republican party in that city scored their first victory in ten years. John Calvin, Republican, was chosen mayor of Cincinnati.

Results in Nearby Cities.

George F. Buck defeated Louis P. Fuhrmann, the incumbent for mayor of Buffalo. Buck is a Republican. Hyram H. Edgerton, Republican, was elected mayor of Rochester and Walter R. Stone, also Republican mayor of Syracuse. Schuyler Merritt, Republican, was elected to congress from Connecticut to fill the vacancy caused by the death of Ebenezer J. Hill. Republican, Morton E. Lewis, Republican, was elected attorney general of New York.

For the first time in history the Republicans made a complete sweep of Schenectady, electing the full city ticket with all 18 aldermen and 13 supervisors as well as two assemblymen and superintendent of the poor. Congressman George R. Lunn backed the Democratic ticket, which was a poor second while the socialists who had centered their efforts here in expectation of regaining control of the city lost when Lunn left that party finished third. The Republican pluralities are in the neighborhood of 1,500. Socialists elected two of the 23 aldermen to the Rochester common council, the first time socialists have elected a candidate in Rochester. Democrats elected one alderman and Republicans 20. The two wards which elected socialist aldermen have large numbers of citizens of German descent.

The Democratic candidate for mayor of Utica, James D. Smith was re-elected by a plurality of 1,523 over the Republican candidate William F. Dowling.

GOOD ROADS

BUILD ROADS ON WAR FRONT

Possible and Desirable to Construct Highest Types of Surfaces for Moving Supplies.

With the arrival of the Balfour mission late information has been obtained regarding road building methods followed in the war regions of France and Belgium.

English military engineers have recently made experiments demonstrating that it is possible and desirable to build the highest type of road surfaces for the temporary or emergency movement of artillery and supplies. Roads built with asphalt sent over from England have recently been constructed in the rear of the French-Belgium front. Roads so improved gave far better service than any type heretofore attempted under the swift and heavy movements necessitated by the artillery action which precedes infantry attacks. It was observed that motor trucks and gun carriages suffered no injury in movement over these hastily constructed asphalt pavements, while frequent breakdowns were experienced when road building was not attempted.

These experiments being done, a mission including officers of the British and French engineer corps looked over the pavements in the environs of Paris built in the last three or four years. Among other roads inspected early in this month was the Tintin asphalt pavement laid on the road to Versailles which has been carrying military traffic ever since the war began. As a result of these experiments and investigations it has been decided, wherever possible, to construct similar surfaces for the movement of military traffic in regions where roads have been destroyed or where they may be made necessary by battle plans.

NEW MASTERS FOR RAILWAYS

Ninety-Five Independent Unco-ordinated Legislative Bodies Represent Government

"American railroads serve 95 different masters. These are the 95 independent, unco-ordinated legislative and regulating bodies, representing the federal government and the 48 states," says a circular from the Guaranty Trust company of New York. And just think—only a few years ago these masters, or most of them, were talking orders from the railroads!

MUST NOT SEGREGATE NEGROES

Supreme Court Holds Laws to That Effect to Be Unconstitutional.

Washington, D. C., Nov. 6.—Compulsory separation of the negro and white races in residential districts is a violation of the constitution the supreme court held Monday in a unanimous opinion declaring invalid the Louisville, Ky., segregation ordinance. The measure, which prohibited persons of either race moving into blocks in which a majority of the residents were of the opposite color, is similar to ordinances now in effect in St. Louis, Baltimore, Richmond and many other southern cities.

Such laws, the court decided, would not prevent the amalgamation of the race, as was claimed by the Louisville authorities, or prevent race conflicts.

LAKE BOAT SINKS AFTER CRASH

Steamer Carrying Iron Ore Collides with Another Boat; Man Dead.

Detroit, Mich., Nov. 6.—The steamer James S. Dunham, downbound with iron ore, was sunk in a collision last night with the steamer Robert Fulton, up-bound light, off Grassy Island, about ten miles down the Detroit river from here. The Fulton remained afloat and apparently was not badly damaged.

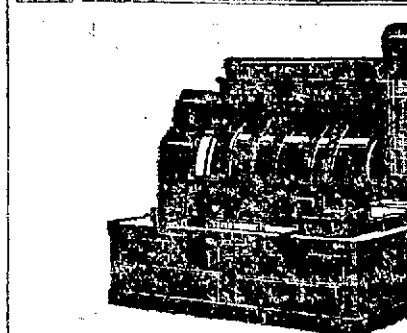

Peter Tumulty, wheelsman on the Dunham, was killed and the mate, name unknown, injured.

The Dunham was of steel construction, registered 8,000 tons and 140 feet long. She was owned by Sullivan and Co. of Chicago. The Fulton is owned by the Pittsburgh Steamship Co., Cleveland.

PAYS TO GO TO MARKET

Women of Toulon Buy Foods Much as in Custom in Some American Cities.

To the continental woman, marketing is both a time-hallowed custom and a leading outdoor sport. Europe has always been far more economical than America, and this method of careful food purchasing is one of the first aids to economical housekeeping, according to Nikah. You see what you are getting, there are always opportunities to pick up bargains, and there are no delivery costs. Marketing by telephone is almost unknown in Europe outside a few big cities, because the telephone is not nearly so much a household institution there as here.

Toulon market is open every day from seven o'clock until noon. If you are a Toulon housewife of the upper class, you sail forth about 10 a. m., followed by a maid with a basket or a cord bag to carry your purchases. If you are not rich enough to have a maid, you carry your own vegetables in an embroidered cloth bag swinging from your arm. This cloth bag is an important point, because it marks you as an independent housewife. If you were to carry a basket or a cord bag, you would be taken for somebody's maid.

On either side of the pavement under the plantains are ranged scores of stalls covered with drab awnings. Most of the stallkeepers are women—Frenchwomen, Italians, Corsicans, Spanish. They sell all the vegetables known to botany, and delicacies like mushrooms, snails and ravioli, which is a dish made of macaroni and meat, as well. There are booths for the sale of flowers and medicinal herbs, and chickens and doubtful looking cuts of meat. The cream of the custom comes between nine and eleven. In the last half-hour there is a great bargain sale of everything that will not keep until the next day and the poorer classes rush the booths to purchase slightly damaged but nourishing goods at ridiculously low prices.

CUT IN PASSENGER SERVICE

Reduction is Part of Program of War Board for Conservation of Coal and Employees.

Extensive reductions in passenger train service in addition to those already made are to go into effect in the middle West. Between March 1 and July 15 the railroads in this territory effected a saving at the rate of almost 7,000,000 passenger miles a year. The total reductions already made and those to be put into effect in this territory amount to 12,000,000 passenger miles. Reductions of 16,000,000 passenger miles have been reported in eastern territory.

This reduction in passenger train service is a part of the program of the war board for the conservation of coal and men. The reductions made in the central department will result in saving 500,000 tons of coal a year.

RAIL CASH BREAKS RECORDS

Figures for April Show Increase of More Than \$500,000 on Net Earnings for 1917.

Complete figures of railroad revenues and expenses for April, announced by the interstate commerce commission, show an increase of more than \$500,000 on net earnings for 1917 over 1916.

A new record for railroad operating revenues was set during the first four months of this year, the total being \$1,202,006,000. For the same period in 1916, the previous banner year in railroad revenues, the figure was \$1,095,916,000.

A FIGHT FOR LIFE

It has been fight or die for many of us in the past and the lucky people are those who have suffered, but who are now well because they needed nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's called "Au-u-rie." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the action of the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as Bright's disease, diabetes or stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and at each meal take Dr. Pierce's Auric Tablets (double strength). You will, in a short time, find that you are one of the firm believers of Auric, as are thousands of neighbors.

Step into the drug store and ask for Auric, or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial package. Auric, many times more potent than lithia, eliminates uric acid as hot water melts sugar.

AT THE COUNTY SEAT.

Michael McMoon Severely Burned by Sulphuric Acid.

Cooperstown, Nov. 5.—This morning Michael McMoon attempted to move a large bottle of sulphuric acid that was placed upon the pavement near David R. Dorn's pharmacy. The acid was forced from the bottle, some of it striking Mr. McMoon in the face, burning it so badly that he is confined to the house.

Death of Mrs. James Brady.

Mrs. James Brady, an aged and highly esteemed resident of the village, died today at her home on Susquehanna avenue. Several years ago Mrs. Brady sustained a broken hip as the result of a fall and since that time had been ailing. Two sons, Paul T. of New York, and John F. of Cooperstown survive. The funeral will be held Wednesday morning in St. Mary's church and burial made in St. Mary's cemetery.

Cooperstown Comment.

At the Michael's meat market, a service flag has been floated in honor of Edward A. Francis of Company G, 10th Infantry, stationed at Camp Wadsworth, Spartanburg, S. C.—Thirty ladies attended a reception given for the Cooperstown Equal Suffrage club, Saturday, at Brookwood Point by Mrs. Frederick de P. Townsend. Miss Mary Hun of Albany was present and addressed the gathering.

DELAWARE COUNTY NEWS

THE CAMPAIGN IN DELAWARE.

Ends in Excitement and in Attempted Burglary of Express Office.

Delhi, November 6.—There has been a great deal of excitement during the final days of the campaign in Delaware county, and particularly in connection with the spirited contest which has been made for the office of assemblyman. In the last issue of the Delaware Express, the chief organ of the Republican party published in the county, there appeared a letter purporting to be signed by Clark Frisbee of Bloomville, a neighbor of Nesbitt, the Democratic candidate for assembly, in which certain statements were made regarding his candidacy. The authenticity of this letter was denied by Frisbee, and the controversy ran high.

Matters apparently came to a climax on Monday, when Editor Weyer, on going to his office in the morning, found that during the night entrance

had been gained through a back door and that the editorial desks had been rummaged and his safe forced, it is charged, for the purpose of obtaining the original of the alleged Frisbee letter, which, however, had been placed in the hands of the district attorney. Later in the day big handbills were circulated, the substance of them being on the same lines as above indicated. So far as is known there is no clue to the marauders.

Too Sick To Work

Many Women in this Condition Regain Health by Taking Lydia E. Pinkham's Vegetable Compound.

Convincing Proof of This Fact

Ridgway, Penn.—"I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old."—Mrs. O. M. Rimes Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga.—"I want to tell you how much I have benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited."—Mrs. W. E. Lindsey, R. R. 3, Tennille, Ga.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If feverish, bilious, constipated, give fruit laxative at once.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet. Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

LOWER EXPENSE OF HAULING

Trucks Are Being Used to Move Freight in Antofagasta—Cost of Mule Feed Is High.

The question of the use of trucks for hauling freight to and from docks, stations, and warehouses in Antofagasta is now being studied much more than ever before. One truck has been in use for the last few months, five more have just arrived, and others have been ordered. The high rates of freight charged by the coasting steamers make the cost of bay and grain for mules very expensive, so that there is great interest in the truck as a means of reducing the cost of hauling.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition, 10c and 25c per box. All druggists

EDITORIAL NOTE AND COMMENT.

The ex-queen of Greece in a long telegram to her brother, the Kaiser, in 1916, speaks of the allies as "infamous pigs." As an exponent of culture, which is quite another thing from culture, the queen runs a close second to her more notorious brother.

Though the present is what is generally known as an off year in politics, there was almost as great interest shown in the campaign which ended yesterday as in years when complete state and national tickets are to be elected. Everywhere there was good registration, and there was a good vote yesterday throughout the state. One reason for it is perhaps that the present national crisis has awakened every citizen to the knowledge that he is part of the government, and that heretofore he has not been doing his part. If this is the case, and the individual interest of the voter continues, it may be reckoned as one of the incidental benefits, which along with food conservation and economy generally, has come with the war.

Congress from time to time does in-judicious things—many of them—but perhaps one which in these perilous times which was most foolish and in-judicious was the passing of a measure which forbids the government from making contracts with firms which had advisers on governmental boards where they might show preference for their own concerns. The direct result has been to deprive the government of the unpaid advice and assistance of experts in many lines who naturally resent the congressional suggestion that they are helping the nation for selfish purposes. Next to the pro-Germans, if there are any individuals who can be relied upon to put sand in the wheels of the war machine certain southern and western members of congress are those persons.

There is perhaps nothing more illuminating in the history of the war than the statement made Monday by ex-Ambassador Gerard, to the effect that the German troops were forced to do indiscriminate slaughter of Russian prisoners caught in the earlier retreats of the troops of the czar. The slaughter and rapine wrought in Belgium, it is evident, were not mere incidents of the earliest war days when men might have been thought to be temporarily off their balance. The same thing was done in Russia more than a year after, and the same thing might be expected in America or wherever the Prussian sets his foot. It is well for Americans to read the Gerard statement and then set teeth with grim determination to see the war through to its bitter end. So only can barbarism—the barbarism of Kultur, if one pleases, be banished from the earth.

WAIVES SERVICE CHARGE

Compromise Reached in Norwich with an Increase to \$1.00 for Gas and 14 cents for Electricity.

Norwich, where a similar situation existed to that in Oneonta, has effected an agreement with the lighting company where the service charge of 50 cents a month to all users of both gas and electricity has been withdrawn and the company will advance the rate for gas to \$1.50 and for electricity to 14 cents a kilowatt.

When the announcement of the service charge was made in that city the mayor refused, it is understood, to protest the charge and petitions were circulated and freely signed by inhabitants asking the public service commission to withhold approval of such charge. The contention there was that the company if it required additional revenue to make the plants profitable that an increase in the price of the commodities should be made.

The Chamber of Commerce took an active interest in the matter and investigated the charges in other cities of like size and met with the petitioners and threshed the matter out, deciding to press the contest. On Monday the officers of the lighting company met a committee of the petitioners and another from the Common Council and the compromise resulted. This, while not indicative of the situation, may be prophetic of the final outcome, and it is not improbable that the Public Service commission may decide that the company is entitled to some increase in rates and suggested that a flat increase in the price be made.

Town School Board Organizes.

The school board of the town of Oneonta met a few evenings since at the office of the town clerk at West Oneonta and organized for the year by the election of Philip M. Jenks as chairman; of D. F. Arnold as clerk, and P. O. Adams as treasurer. The teachers were all selected last year and little other business was transacted.

Overheated Oil Stove Called Firemen.

An overheated oil stove in the kitchen of Mrs. Eva Munson, on the second floor of 150 Main street, yesterday afternoon called out the fire department on a still alarm. The flames were extinguished without any damage to the building.

SALVATION ARMY WANTS \$300.

Amount Oneonta Is Asked to Contribute for Prosecution of War Work.

The Salvation Army has undertaken to prosecute its form of work at military camps, both at home and abroad, and Commander Evangeline Booth has issued an appeal for \$1,000,000 for the furtherance of the work. Within a short time the work of raising the amount desired from Oneonta, which is \$300, will be commenced. This is a relatively small sum and the officers of the Army hope to secure it.

No attempt has been made by the Salvation Army to duplicate, parallel or imitate the good work which other organizations are doing. But in the towns and localities where the camps are located, when the boys are outside the sphere of military discipline and restraint, it is doing its work. The nature of its undertaking is essentially spiritual, and as such it is unique and caters to the higher interests of the men, while not neglecting their creature comforts. It aims to help them to avoid the pitfalls and snares so plentifully laid to entrap the unsuspecting and unwary.

Elmer T. Clark, special war correspondent for the New York Tribune, in one of his articles dealing with the various activities of our soldiers in France, said: "The Salvation Army is doing a better type of religious work than any other agency." Not only in France is this the case, but it might with equal truth be said of any of the cantonments in this country. In the towns and cities about them, as well as in the camps proper, the Salvation Army is carrying on an effective religious work among the men in uniform. In New York state camps as many as 60 soldiers have publicly stood in acknowledgment of Christ in a single Salvation Army meeting. In France the first meeting conducted among the soldiers by Salvationists resulted in over 100 enlisted men claiming conversion.

TESTING WAR-TIME MENUS

Members of Women's Club Enjoy Demonstration Yesterday Afternoon—Dried and Canned Goods Recipes.

There was a good attendance of the members of the Woman's club yesterday afternoon at the club rooms on Chestnut street, assembled for the purpose of considering one of the greatest problems of the housewife—that of the conservation of foodstuffs, and incidentally for the equally interesting gastronomic delight of testing and trying various articles made before their eyes and afterwards served by the demonstrators. The demonstration was in charge of Mrs. L. S. Lang and Mrs. Elsworth E. Scatchard, and entirely had to do with the use of canned and dried fruits, meats and vegetables in the family dietary.

The menu yesterday was for a lunch and included a soup course, delicious oatmeal biscuits, a satisfactory and entirely adequate salad and a fruited jelly for dessert. Each was carefully prepared and full directions given, and later the viands served proved the excellent quality of the four recipes used. All who were present listened with close attention to the explanations given and made copious notes; and doubtless many households later in the week will have opportunity to taste and try. The recipes, in which it is to be noted that practically all the ingredients are canned or dry, are as follows:

Vegetable Soup.

Ingredients—One-fourth cup each dried split peas and dry white beans, one cup potato, three tablespoons each dried oyster plant, carrot, turnip and onions, one-half teaspoonful dried parsley, one and one-half teaspoons salt, three tablespoons oleomargarine. Directions—Put dried beans and peas through food chopper, soak over night in one and one-half quarts water. In morning cook all vegetables until soft, add salt and parsley and serve.

Oatmeal Biscuit.

Ingredients—One and one-half cups wheat flour, one and one-third cups oatmeal, one and one-half teaspoonfuls baking powder, one-half teaspoonful salt, two tablespoonfuls sugar, six tablespoonfuls shortening, two-thirds cup water. Directions—Sift flour, baking powder, salt and sugar together. Add oatmeal, melted shortening, and enough water to make a soft dough. Roll out thin, cut with biscuit cutter and bake in moderate oven 20 minutes.

Egyptian Salad.

Ingredients—One cup cold cooked rice, one onion, parsley, chives, can sardines (3), lettuce, mayonnaise and canned beans. Directions—Mix rice, highly seasoned with salt and pepper with grated onion, chopped parsley and chives. Add finely cut sardines and serve on lettuce with mayonnaise and garnish with beads cut in cubes. The fruited jelly was composed of gelatine with added canned pineapple and cherries, but any other solid canned fruits can be used. In the soups fresh vegetables can be used if one has them, and the ingredients can be added to, subtracted from or varied to suit the taste and the larder. The same thing is true of the salad. In fact the recipes given were suggestive rather than arbitrary, and should in this way be helpful to the housewife.

More Service Flags.

A service flag with two stars is flying from the residence of Rev. J. C. Johnson, Upper West street. One star is in honor of Lieutenant Royal C. Johnson, Company G, at Spartanburg, S. C., and the other in honor of Supply Sergeant Melville D. Johnson of the state guard stationed at Croton Lake. Mrs. Lester Haines, 12 Valleyview street, is flying a service flag for her husband, Sergeant Lester Haines, who is now located at the base hospital fire station, Camp Dovens, Ayer, Mass.

A Patriotic Veteran.

Editor Star—What can be expected of the younger generation if a man of means and a veteran of the Civil war refuses to purchase any of the Liberty bonds, saying that he has done his service for his country and is going away to spend the winter and cannot take any of the bonds and if others do not finance the war the country will have to lose. It would seem that the country has a right to expect more from men whom it has pensioned for years. One Who Wonders.

The Two Cent Stamp.

[Here is part of a facetious little poem that Eugene Field wrote when the three-cent stamp gave way to the two-cent stamp 32 years ago.]
Good by, old stamp, it's nasty luck
That ends our friendship so.
When others failed you gamely stuck.
But now you've got to go.
So here's a flood of honest tears,
And here's an honest sigh—
Good by, old friend of many years—
Good by, old stamp, good by.

Your life has been a varied one,
With curious phases fraught—
Sometimes a check, sometimes a dun,
Your daily coming brought;
Smiles to a waiting lover's face,
Tears to a mother's eye,
Or joy or pain to every place—
Good by, old stamp, good by!

What wonder, then, that at this time
When you and I must part,
I should aspire to speak in rhyme
The promptings of my heart.
Go, hide with all those memories dear
That live when other die—
You've nobly served your purpose
here—
Good by, old stamp, good by!

—Red Cross workers are needed this afternoon and evening at the Red Cross rooms to make surgical dressings.

—The Philathea class of the First Baptist church will serve a supper in the dining room of the church Saturday, Nov. 10, commencing at 5 o'clock. Watch for the menu.

—F. H. Bouton of East street was seriously injured a few days ago by falling between two cattle cars while in New York with a carload of cattle. He is confined to his bed with good chances of recovery.

—Every increase of price on a commodity which you are compelled to buy means a blow at the buying power of your dollar. The store ads. therefore become a sort of report of the state of the dollar market—showing where you can make your dollar count for a hundred cents.

IN THE CITY OF ONEONTA

ANDREW E. CEPERLEY (REP.) REELECTED MAYOR AND HENRY SHOVE (DEM.) CITY JUDGE

Alderman, and All Other Republican City Candidates Win Out Save One Supervisor—Suffrage Gets Good Vote in City—The Soldier Vote Likely to Change Few Results.

From the beginning of the campaign it had been conceded that the contest in the city of Oneonta would be a close one, and in fact it was not until the last figures from the last district were in that the result for all the offices was definitely known. The final figures, however, show the re-election of Andrew E. Ceperley as mayor by a majority of 86 over Clarence E. Holmes, his Democratic opponent.

For city judge there was a spirited contest, resulting in the choice of Henry Shove, the present incumbent, by a majority of 20 over Owen C. Becker, Republican. George W. Ellis, Democratic, in the fifth and sixth wards, has an apparent lead of two votes over Frank C. Parish, Republican. All the other Republican nominees on the city ticket were elected, including two supervisors and six aldermen. The closest aldermanic contest was in the first ward, where L. L. Gardner won by a majority of 35 over Fred N. Clark.

The vigorous work for suffrage done in the city during the closing weeks of the campaign was evidently effectual, the city giving 922 in favor to 1,007 against.

While there is a considerable soldier vote to be heard from, it could not change any result save that for supervisor in the fifth and sixth wards, and possibly, though not probably for city judge.

FIVE BOSTON ARTISTS.

Lecture and Musical Course Opens at High School Tonight

It has been customary for many years to open the winter course of entertainments under the auspices of the schools with a concert of unusual merit, rendered by artists of marked ability. This year will be no exception. The concert company which appears at the High school this evening embraces artists of standing and experience in both vocal and instrumental music. No expense has been spared to make this one of the most successful musicals ever conducted in this city. The artists are those Tyler, a young American soprano whose voice has a color and beauty almost Italian; Charlotte Pledge, a contralto of the first rank, who has appeared in the leading symphony orchestras; Carl Webster, cellist, who has gained an incontestable position in musical centers by his able and artistic work; Max Donner, violinist and American who toured New England with Schumann-Henk, and Cora Gough Brooks, one of New England's finest pianists.

Reservations may be made without charge to holders of season tickets this morning after 3 o'clock, at Saunders'. Single admissions, 75 cents. The management positively declines to grant inter tickets to patrons neglecting to make reservations. adv 11

RED CROSS APPEALS FOR MONEY

INCREASED DEMANDS FOR SURGICAL DRESSINGS CALLS FOR AID FROM ONEONTA CITIZENS.

Local Chapter Needs More Workers to Turn Out Hospital Supplies and Knitted Goods—Supply of Gauze at Low Ebb—More Members Needed—Work of Red Cross Chapter.

With our men actually in battle with the Germans and more constantly arriving in France and entering the trenches, the American Red Cross appeals more strongly than ever to the people at home to contribute to the physical welfare of our boys through that organization. They are calling for more members and more money. The Oneonta chapter needs both. Headquarters yesterday announced that more workers are needed, not only at the Red Cross rooms to make surgical dressings, but at home to finish the knitted goods. The local committee on publicity warns that unless more money is donated to the Oneonta chapter, the making of much needed surgical dressings will be curtailed.

A telegram just received at the national headquarters in New York from Major Grayson M. P. Murphy, head of the Red Cross Commission in France, says that standard Red Cross dressings in millions must be sent over with all possible speed. "If this is not done and done immediately," the telegram reads, "A serious calamity and national disgrace is inevitable." The Major declares that the supply can never meet the demand and that shipments should be hurried so that the loss of one consignment by submarine may not react upon the men who are so sorely in need of assistance.

At the present time, Oneonta has only a small supply of gauze for these surgical dressings on hand, and only sufficient money to buy 800 yards more. "When it is realized that eight women working all day sometimes cut 500 yards of gauze and that this is all used on the following day for making dressings," said Miss Genevieve Whipple, chairman of publicity, yesterday, "the people of this city have got to awaken to their obligation and provide the money to keep a supply of gauze on hand."

Donations recently acknowledged with appreciation by the local Red Cross include \$10 on Saturday from the Nurses home, and \$5 from Miss Grace Jones yesterday.

To increase the finances through added members, a membership campaign will be launched in the near future. At present, though Oneonta is the chapter organization, the branch of Edmeston has 19 more members. Oneonta's membership is 1,120. Edmeston's, 1,138. The other branches total 1,417 members as follows: Unadilla, 333; Schenectady, 228; Milford, 191; Worcester, 166; Otego, 135; Goodyear, 104; West Oneonta, 76; Mt. Vision, 75; Laurens, 73; and East Worcester, 28.

Surgical dressings, including various sized compresses, gauze strips and wipes, must now be made at the Red Cross rooms because of the finding of pulverized glass in bandages recently turned in at Red Cross chapters, especially in the west. Goods that can be made at home are hospital bed-shirts, pajamas, bed socks, sweaters, helmets, mufflers and wristlets. To please the boys and in their atmosphere, the Red Cross is urging workers to make the pajamas of blue and white striped, or pink and white striped goods, and provide the suits with roll collars so that the men may wear ties. Gray pajamas, though accepted, are discouraged.

The Oneonta chapter has been given a quota of 1,000 sets of knitted goods to furnish to the national headquarters. This was distributed proportionally with the branches, every one of which has finished its work, and is good naturedly throwing its forces together to help Oneonta supply its unfinished quota.

When these knitted goods are completed they are sent to New York, where they are transhipped either abroad or to the cantonments in this country. An example of what is done by the Oneonta chapter in a month is shown by October's shipment of 226 sweaters, 285 pairs of socks, 238 mufflers, 235 pairs of wristlets, and 40 helmets.

Just at this time, the gift packets for the boys in the trenches and at camps in the United States are taking the attention of Red Cross workers. These must be forwarded, if they are to be sent through the Red Cross or before November 15, addressed to the Red Cross Supply Service, Warehouse 2, Foot West 57th street, New York city, and each package must also bear the address of the soldier for whom it is intended. Directions for properly packing and shipping will gladly be given at the Red Cross headquarters, who make the following suggestions as to their contents: Writing paper, envelopes, paper, pencil, postals, paper covered book, home-made scrapbooks containing a good short story and some jokes, strong knife, steel mirror, khaki colored handkerchiefs, neckties, mouth organ, electric torch, compass, playing cards, game, water tight match box, chewing gum, confections and cake.

Ground Broken For Hospital Addition.

Ground for the Fox Memorial hospital addition was broken Monday by the contractors, the Mitchell company of Binghamton. The first work is the removal of the old solid brick, stone and concrete icehouse from its present location to a point about fifty feet further east. As soon as this is accomplished work will begin on the rear addition, on which it is hoped to get a substantial start before cold weather delays progress.

DEATHS.

Lansing Todd Shumway.

Lansing Todd Shumway passed away at the home of his mother-in-law, Mrs. Elsey P. Nelson, Stillwater, early Sunday morning, Nov. 4, 1917. Mr. Shumway was the youngest son of the late Sands Shumway of Cooperstown and was born there February 23, 1890. His boyhood days were spent in Cooperstown. He was educated in the Cooperstown High school, from which he graduated in 1911; the Cornell Agricultural college, in which he studied for three months prior to the completion of his High school course, and the Biltmore School of Forestry. This course included practical work in the northwest and in the Black forests of Germany, from which he was graduated in 1912 with the degree of Bachelor of Forestry. Since that time he has followed his chosen profession.

Mr. Shumway was a member of the Presbyterian church of Cooperstown, with which he united in November, 1914. His life, always exemplary, kind and genial—a life worthy of his Christian profession—has won for him wherever he has lived a large circle of friends, who are saddened by his untimely death, which resulted from an accident with which he met about 18 months ago.

Mr. Shumway was united in marriage June 24, 1916, to Miss Lucile A. Nelson of Stillwater, to whom the heart of the community goes out in tender sympathy in this experience of deep grief.

Besides his wife, he is survived by his mother, Mrs. Sands Shumway; a sister, Miss Lillian Shumway; two brothers, Allen and Paul of Cooperstown; a sister, Mrs. Daniel Luce of Oneonta; and a brother, Floyd, of New York city, each of whom has the sincere sympathy of the community. Funeral services will be held at Mr. Shumway's late home, Stillwater, Wednesday morning, November 7, at 11 o'clock. Interment will be at Union cemetery in that village.

MORRIS MAN KILLED BY FALL.

Albert N. Crutenden Sustains Fatal Injuries While Gathering Fruit.

Morris, Nov. 6. — Albert N. Crutenden died at his residence near the village Friday evening, Nov. 2, from the effects of falling from an apple tree on Thursday. He was in a tree about 15 feet from the ground and was shaking the tree when the limb which he was standing upon broke, letting him fall to the ground. His grandson, Lee Applin, saw him fall and ran to the house nearby and got help. He was unconscious when they got to him. Dr. Rockwell was called and help from neighbors soon had him in the house. On examination by the doctor it was found that he had two ribs broken, a concussion of the skull and internal injuries. He never regained consciousness and died as stated. His age was 77 years. Mr. Crutenden was born in Morris and with the exception of a few years in the west, he has always resided here, and was a man well liked and respected, and was a hard worker. He was a devoted member of Zion Episcopal church of this village and always attended the services until his hearing became impaired. He was a member of the vestry for a number of years. He is survived by his wife, two daughters, Mrs. Clayton Applin of Morris and Mrs. W. W. Sanderson of Depey; and two brothers, Lee B. Crutenden of Cooperstown and Henry L. Crutenden of Northfield, Minn., and three sisters, Mrs. George Sheff of Morris, Mrs. Ella Todd of Spokane, Washington, and Mrs. Mary Cary of Chippewa Falls, Wis. The funeral was held Monday afternoon from his late residence, Rev. M. S. Ashton of the Episcopal church officiating, with interment in Hillington cemetery.

41. HANDICRAFT FOR BOYS
By A. NEELY HALL
Author of "The Handy Boy," "The Boy Craftsman," "Handicraft for Handy Boys," etc.
(Copyright, by A. Neely Hall.)

A HOME MADE DESK WITH A PICTURE SCROLL

Every boy can own a desk, because it is one of the simplest pieces of furniture to build. I have designed a great many desks for boys to make, but I believe that the one shown in Fig. 1 will be the most popular yet. This desk is made out of a small packing-case, or a grocery box. Select the best-looking box you can find. Get

the cover boards, too, because you will need them for the hinged drop-leaf. The first thing to do is to reinforce the nailing of any boards which show signs of coming loose. Then prepare the pigeonhole partitions. Fig. 2 shows the inside of the desk. Partitions A should be fastened seven inches each side of the center of the length of the box, or 14 inches apart, and shelves B should be so spaced that there will be a small top and bottom pigeonhole and a larger one between. Holes C in partitions A (Fig. 3) are provided for the rollers of the scroll to turn in. Bore the upper one about three inches below the upper end of A, and place the lower one ten inches or so below it. Nail partitions A to the end of shelves B; then stand these assembled pieces in the box, set a temporary brace between partitions A to hold them in the right position, and drive nails through the ends of the box into shelves B.

and through the top and bottom of the box into the ends of partitions A. Cut the scroll rollers D (Figs. 5 and 6) from pieces of broom-handle, a trifle shorter than the distance between the partitions A, and get four large spools, such as crochet-cotton comes on, for the end knobs E (Figs. 5 and 6). Rollers D turn on the nail pivots F (Fig. 6), which must be long enough to run through the end knobs E, through holes C in partitions A, and half an inch into the ends of the rollers. The spools must fit tightly on the nails. Wrap nails F with glue so the spools will stick fast.

A tough wrapping-paper should be used for the scroll. Perhaps you can find a store dealer who has a roll of paper from which you can get the length you want in one piece. Tack the ends of this paper to the scroll rollers (Fig. 7). Be careful to get the

paper square on the rollers, so it will roll up evenly. The pictures should be put on before the scroll is pivoted in the desk. Cut out and paste these in place.

Fig. 4 shows how the box-cover boards are fastened together by means of the end battens G, and how the pair of hinges are placed for hinging this drop-leaf to the desk. To support the outer edge of the drop-leaf, when the desk is open, a pair of chains must be provided. Screw screw-eyes into the drop-leaf and the other side of the desk, to attach the chains to.

Putty all joints and nail holes. Then a coat of stain, or two coats of paint or white-enamel, will complete the desk. By screwing a pair of screw-eyes into the top, the desk may be suspended from a picture-molding; or it may be hung upon a pair of long hooks screwed into the wall.

Italy's Gold.
Nearly 1,000 pounds of gold has been donated to the Italian treasury department during the last four months in the form of ornaments, old coins and family jewelry and among the pieces is the golden crown of Prince Amedeo, the father of the Duke of Abruze. Good thing to get rid of it now, for it looks as if ere long crowns wouldn't be worth 30 cents each—Albany Journal.

TAKE MEN REJECTED IN DRAFT.

W/ Department Rules on Questions Similar to That of Worley R. Wood.

By an order issued yesterday by the War department Worley R. Wood, with all others in similar positions, is now eligible for voluntary enlistment in the regular army despite the fact that he has been called in the draft, rejected for a physical defect, and later rejected by the army examiners at Fort Clocum, although this physical deficiency was removed.

The order which now takes precedence says that "men registered under the selective service law who have been called for examination and rejected by their local board because of physical defects, or who have been exempted under the rules and regulations prescribed by the President for the government of local boards, and resident aliens and registered and drafted aliens who have not taken out their first papers and who have or may claim exemption, or who have or may thereupon be discharged by local boards, are eligible for voluntary enlistment. Applicants who have been exempted because of their industrial occupation, however, will not be accepted. It will be understood of course, that subjects of the enemy country or its allies, whether registered or not, are not eligible for voluntary service."

Mr. Wood, after he was rejected at Fort Slocum, returned to Oneonta disgusted with military methods, but when Major Charles T. Greene, in command of the Poughkeepsie recruiting district, which includes Oneonta, talked with him, he decided to appeal to Washington for acceptance in the regular army. His appeal has not yet been acted upon, but he does not need to wait for it. He will be recruited immediately.

This new order, according to the local board, will probably not affect very many rejected men. Only those in circumstances similar to that of Mr. Wood, or men who have been exempted because of defective eyesight or other minor, corrective deficiencies, will be applicable.

ALL REPUBLICAN CANDIDATES WIN

PARTY NOMINEES FOR ALL COUNTY OFFICES IN OTSEGO COUNTY ELECTED YESTERDAY

Chief Contest Over Assembly and County Clerk, for Which Democrats Named Exceptionally Able and Popular Candidates—Judge Kellogg's Banner Majority—Suffrage, Supervisors and Excise Vote.

In the county of Otsego the chief contests were for the offices of county clerk and member of assembly. For the former office Charles F. Farmer of this city was the Democratic candidate and his personal popularity gave him a large local majority over his Republican opponent, William L. Smith of New Lisbon. The latter, however, received a flattering vote in the Butternuts valley, where he is well known, and there was also the large normal Republican majority to contend with, though in several towns Farmer ran far ahead of his ticket. The result was the election of Smith by a majority of 554, with returns complete from all townships.

For the office of assembly the Democratic candidate also had the advantage of being from Oneonta, and his large vote in city and town was not unexpected. In other townships, also, Bloomfield fell short of the figures of other years. The complete figures, however, give him 5,302 votes to 5,012 for McFee—a majority of 290 for the former. The large vote received by both candidates in their own townships was flattering evidence of popularity at home.

The other Republican candidates were also elected, Johnson for county treasurer, VanZandt for sheriff, Pierson for district attorney and Lough for coroner.

The vote received by Judge Kellogg for supreme court justice was a remarkable and almost a surprising tribute to an Otsego jurist, but was matched by his vote in Delaware and practically throughout the district. The majority in Oneonta, as elsewhere noted, was large but it was equally so throughout the county. His total majority in Otsego county is 4,349.

On the suffrage amendment, the interest in which appears entirely to have overshadowed the other general proposition, the vote was close with some districts missing.

It should be noted that there are some two hundred of soldiers in the various camps in this county and with the National army in Europe whose votes are yet to be received and counted. While it is not probable that these votes will affect the result, they will change the figures in practically every town. The figures, however, carefully collected by The Star's efficient corps of local assistants, are as follows for the county, irrespective of the soldier vote:

Came 13,000 Miles to School.

So keen was the desire of A. Winkler Prinz, a Dutch boy, to attend the Carnegie Technical school in Pittsburgh, Pa., that he took up two months of his time to get there. The lad came thirteen thousand miles from his home at Batavia, Java. He is enrolled in the engineering department. His trip was somewhat delayed by war conditions.

VELDT MARKS ITS DWELLERS

Loneliness and Silence Affect Those Doomed to Live in Plain of British South Africa.

Before the Boer war there was a saying current among the Boers of South Africa that you could always recognize a man who had spent five years on the veldt. This was a saying no less true then than now, for the veldt is a place of great silence and loneliness and it leaves its mark on those who dwell in it.

The veldt is the great plain of what is now British South Africa, the limitless, featureless stretch of prairie dotted with knobs of hills that the Boers call kopjes, pierced and gashed by rain-washed gullies that run their twisting course from horizon to horizon. The word "veldt" is closely allied to the German word for "world" or "universe," and the relationship is something more than mere coincidence. To the man standing in the midst of this plain it seems to extend in every direction to the outermost limits of space.

The veldt is without sound or color, without striking features to catch the eye. A day's trek among low hills covered with gray grass, plods wearily through mile after mile of the same hills, and ends in a dry valley as like the valley of the morning as one pea is like another. After a few days of this the traveler wonders if his progress is not a mere illusion, if he is not returning day after day to the same spot.

Now and again the monotony is broken by some veldt farm, a place of exceeding loneliness for the exiles who till it. There will be a farmhouse, a barn, a kraal, a well and a few huts for the kaffirs. To the railroad may be a distance of anywhere from 20 to 70 miles. Half the year the roads are impassable. The little community must be sufficient unto itself. Life on a veldt farm is a severe test of the inner resources of man or woman.

The Triumph of Judge Kellogg.

The vote for Judge Kellogg for supreme court justice was perhaps the most surprising feature of the contest. Starting with a majority of 1,259 his home city, the total majority in the county of Otsego was 4,349. In Delaware county, with 22 out of 53 districts to hear from at midnight, his majority was 2,896. His majority in Broome county was about 3,000, in Chemung 1,200 and in Tompkins, the home county of his opponent, Sweetland, a majority of 130. Tompkins county four years ago gave Justice Randolph Horton, Democrat, 2,500. In Delaware county Kellogg carried Walton by 512 majority and his old home town of Franklin by over 300. Cortland county gives him 2,300 majority. With four counties to hear from and a large part of Delaware, it is probable that Judge Kellogg's majority will approximate 18,000.
